# Post 2024 Election Answers for Refugees

**I am a refugee who has a green card. Can my green card be taken away?**

Generally, your green card cannot be taken away unless you have been convicted of two or more significant felonies.

**Can I be deported as a refugee?**

No.

**Can I have my work permit taken away as a refugee?**

Generally, no.

**How long will it take to reunite with my family if the Trump administration stops or slows down refugee resettlement?**

There are no clear answers. You will most likely be waiting for a much longer period of time to reunite with any family members who are still overseas; it is likely we will see wait times increase by several years.

**Are there certain documents I should carry to prove I'm here legally?**

You can carry your EAD or green card.
