Welcome!

- Thank you for joining us today!
- Every voice matters, and we appreciate you taking the time to use yours in support of our immigrant neighbors.
- The key part of advocating is sharing your why – why do you care about an issue and how does it impact you/your community?

Mission Statement

Exodus Refugee Immigration is dedicated to the protection of human rights by serving the resettlement needs of refugees and other displaced people fleeing persecution, injustice, and war by welcoming them to Indiana.

Definitions

A refugee is someone who...

“Owing to a well-founded fear of being persecuted for reasons of race, religion, nationality, membership of a particular social group, or political opinion, is outside the country of his nationality, and is unable to or, owing to such fear, is unwilling to avail himself of the protection of that country.”

-(1951 Refugee Convention)

What is Humanitarian Parole?

Parole is granted on a case-by-case basis.

- Allows entry into the US for individuals who would otherwise be ineligible to enter
- For individuals with urgent humanitarian needs like medical emergencies or family reunification
- Provides temporary protection from deportation
- **Is not** a path to green card or permanent residency in the US

What is Temporary Protected Status (TPS)?

TPS is granted to groups of people: eligible nationals of certain countries.

- Granted to people who are already in the U.S. so that they may remain in the U.S. for a set period of time.
- Granted due to conditions in the country that temporarily prevent the country's nationals from returning safely such as:
 - Ongoing armed conflict (such as civil war)
 - An environmental disaster (such as earthquake), or an epidemic
 - Other extraordinary and temporary conditions
- Provides temporary protection from deportation
- **Is not** a path to a green card or permanent residency in the U.S.

Who is an asylum seeker?

An asylum seeker is someone seeking international protection and has applied for asylum or intends to do so.

- While refugee status is processed abroad, asylum is processed in the U.S.
- To be eligible for asylum, an individual “must demonstrate a well-founded fear of persecution based on:
 - race,
 - religion,
 - nationality,
 - membership in a particular social group,
 - or political option.”
- Six months after filing for asylum, asylum seekers are eligible for a work permit.
- People who are seeking asylum are waiting years to have their cases heard by an immigration judge or other immigration official.
- Asylum **is** a path to a green card or permanent residency.

The Numbers

Global Numbers

122.6 MILLION

Forcibly displaced people worldwide

at mid-2024 as a result of persecution, conflict, violence, human rights violations or events seriously disturbing public order.

68.3 MILLION

are internally displaced people (Source: IDMC, as of end-2023)

37.9 MILLION

are refugees

8 MILLION

are asylum-seekers

5.8 MILLION

are other people in need of international protection

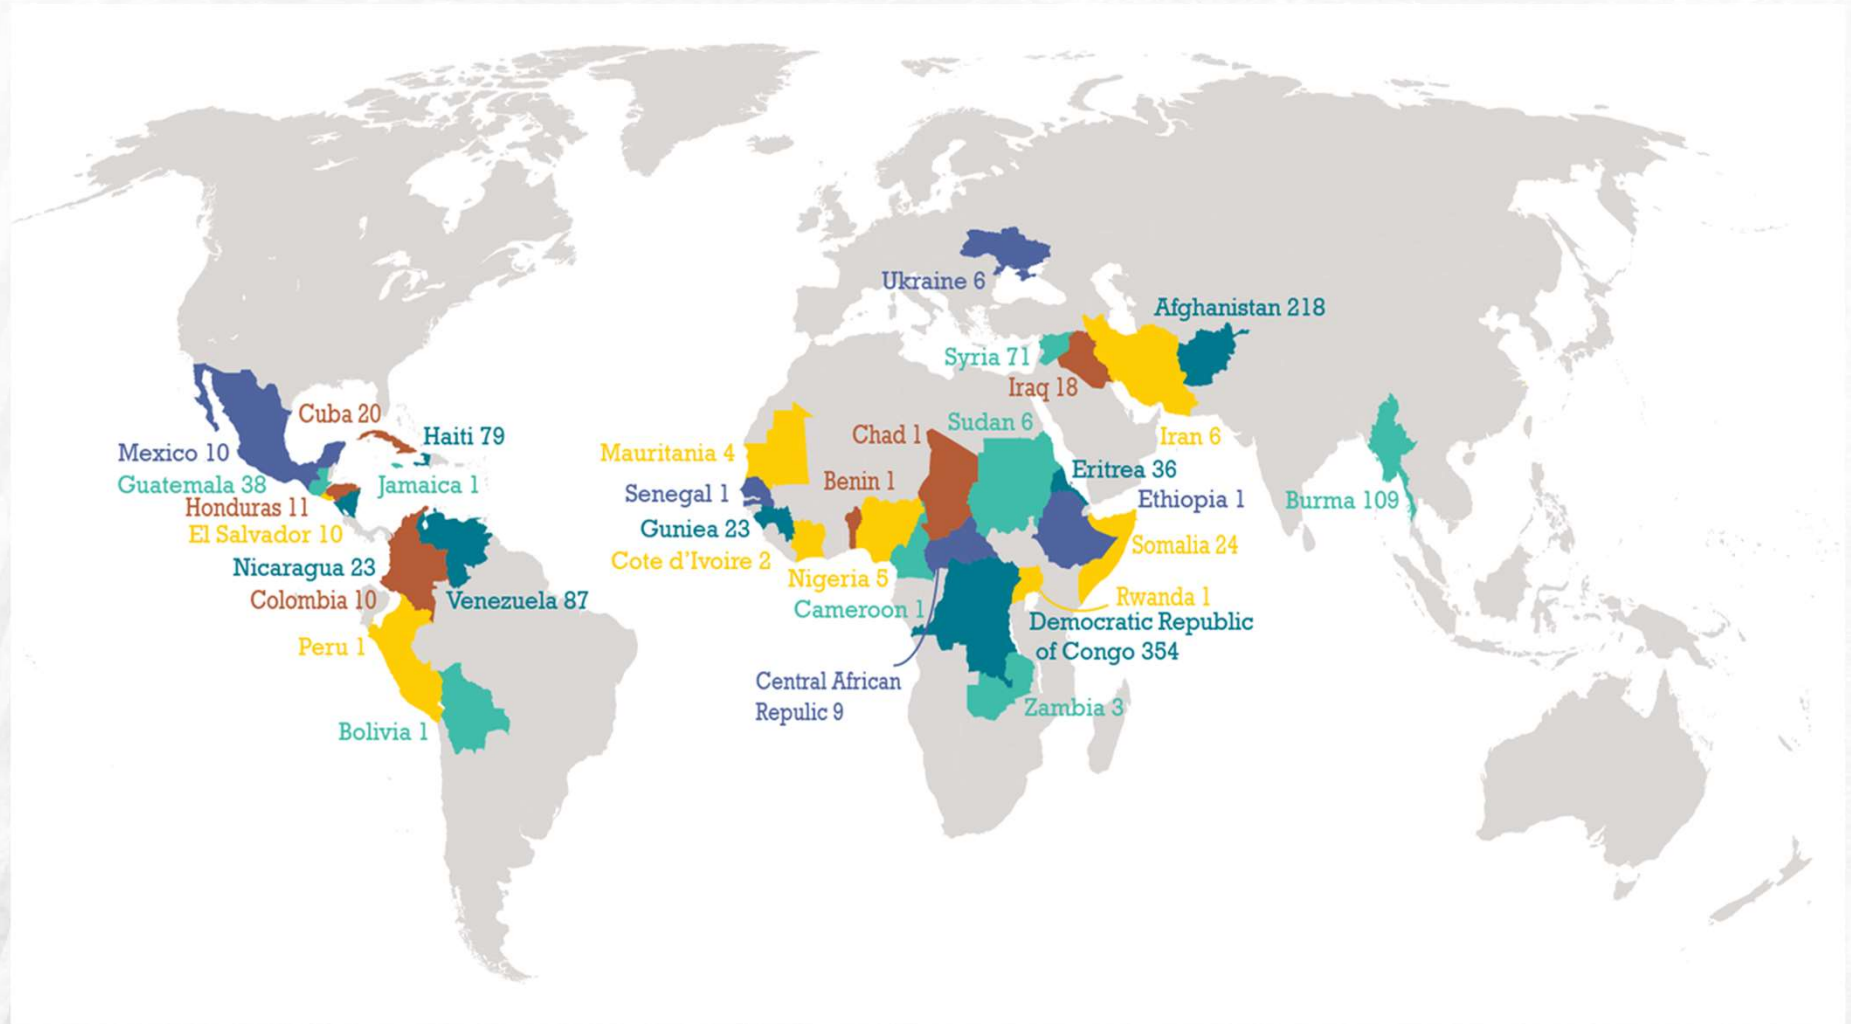

About 40% (47 million) of all forcibly displaced individuals are children.

Last updated on 10/08/2024.

All New Exodus Clients – 1210

(10/1/23 to 9/30/24)

FY25 Exodus Arrivals – 373 (10/1/24 to 01/20/25)

Federal Issues

Actions taken by the Trump administration so far:

- An indefinite ban on refugee resettlement, stranding tens of thousands of refugees who have gone through years of security screening and remain in danger overseas.
- Termination of Reception and Placement contracts for all resettlement agencies
- A 90-day suspension of all foreign aid to displaced people overseas — followed by stop work orders implicating services to refugees and forcibly displaced people who are already here.
- A total ban on access to asylum and other protections for anyone arriving at the border.
- Authorizing and mobilizing the military to stop people seeking protection from entering the United States via the southern border.
- An expansion of detention and deportation in the interior of the United States and an end to guidance preventing ICE enforcement actions in churches and schools.

Actions taken by the Trump administration cont:

- Termination of Humanitarian Parole CHNV (Cubans, Haitians, Nicaraguans, Venezuelans), meaning more than half a million people will lose their status on April 24th and are being issued notices to depart the US.
- Issuing notices to those who received Humanitarian Parole through the CBPOne app the Biden administration used to depart the US within 7 days.
- Terminated a majority of contract for the Unaccompanied Children Program, which provides legal representation to thousands of unaccompanied immigrant children across the country, including infants.
- While not yet publicly confirmed, there are many reports that USCIS has issued a pause on processing green card applications for refugees and SIV holders.

Asks

- Urge the President to resume Refugee Resettlement.
- Urge the Secretary of State to resume federal aid and overseas processing of refugees.
- Urge the President to stop using the military to stop people seeking asylum at the southern border. Seeking Asylum is a human right.
- Urge the President to prevent ICE from entering sensitive locations, such as churches and schools.
- Urge the Secretary of State and Homeland Security to report to the President that the US Refugee Admissions Program should resume at the end of the initial 90-day pause.

Whom to Contact

Secretary of State (Address as Mister Secretary)

The Honorable Marco Rubio

Secretary of State

Washington, D.C. 20520

[Contact Form](http://bit.ly/SecStateContactForm) - bit.ly/SecStateContactForm

Secretary of Homeland Security (Address as Madam Secretary)

The Honorable Kristi Noem

Secretary of Homeland Security

Washington, D.C. 20528

The President (Address as Mister President)

The White House

1600 Pennsylvania Ave NW

Washington, D.C. 20500

[Contact Form](https://www.whitehouse.gov/contact/) - <https://www.whitehouse.gov/contact/>

Ongoing Litigation

- There are several lawsuits that have been filed and we will continue to see more filed in the future
- CWS, our national partner has filed as part of *Pacito v. Trump* in response to the indefinite pause on refugee resettlement, and on the termination of the Reception and Placement contracts
- CWS publishes a State of Play email every weekday with updates about actions taken by the Trump administration and updates to ongoing litigation – you can subscribe and find the online version here: <https://cwsglobal.org/blog/daily-state-of-play-trumps-indefinite-refugee-ban-and-funding-halt/>
- The New York Times is tracking all ongoing litigation against the Trump administration, including issues beyond immigration: <https://www.nytimes.com/interactive/2025/us/trump-administration-lawsuits.html>

Asks for Members of Congress

- Call on the Trump administration to immediately rescind the refugee ban, reverse course on stop-work orders, and oppose other executive orders that target our asylum-seeking and immigrant neighbors and the communities that welcome them.
- Support legislation and appropriations that uphold decades of precedent for welcoming newcomers – and oppose legislation that further codifies harm to immigrants.
- Publicly express your support for refugees and humanitarian protections. I urge you to be vocal in support for refugees and recognize and uplift the value refugees and newcomers bring to our community – including via press events, floor statements, and on social media.
- Hold the Trump administration accountable to rulings from the courts. Many of the preliminary injunctions state that Congress should be the one to exercise authority over immigration matters, not the President.

2025 State Sessions Deadlines

April 10th - Last Day for Committee Hearings

April 15th - Last Day for Third Readings

April 29th - Last Day for Adjournment of both chambers

The Office of the Governor reviews all legislation, and the Governor has seven days to sign or veto the bill.

If he does not sign it, it automatically becomes law on the eighth day after receipt.

HB 1114 – Driving without a license – Concurrence

- This bill would raise the penalty charge for driving without a license to a felony charge, and would implement additional charges for driving a vehicle registered to a business of nonprofit
- Many immigrants who are ineligible for a driver's license (including those on humanitarian parole), may register their car under an LLC. All vehicles registered to an LLC have the same expiration on their license plate – a tactic already used by police for traffic stops.
- Raising the penalty charge for driving without a license puts these already vulnerable at risk if other state and federal bills pass, making it easier for them to be deported for this charge.
- It would target many individuals who feel like they have to drive without a license because there is no other option for transportation to get to work, to get their kids to school, or to function in their community

Contact State Rep

HB 1393 – Immigration notice – Concurrence

- This bill requires that if a law enforcement officer arrests an individual for a felony or misdemeanor charge and has probable cause to believe the individual is not lawfully present, they must report them to the Sheriff, who must then report them to ICE
- This bill would lead to an increase in racial profiling and unnecessary detention of our immigrant neighbors
- It would put further strain on local law enforcement resources, and erode trust between vulnerable communities and local law enforcement
- This bill would put part of Governor Braun's Executive Order into law, which would make it harder to repeal in the future

Contact State Rep

HB 1531 – Various immigration matters – passed House

- This bill gives local and state law enforcement the ability to enforce federal immigration policy, and provides guidelines for handling immigration detention requests
- This bill also opens governmental agencies and businesses to being sued by the Attorney General, even if they were unaware of an individual's unlawful presence
- Requires a judge to report to ICE if an individual has been convicted of a misdemeanor or felony that would provide grounds to be deported
- Raises penalty for a Humanitarian Parole sponsor if they provide false information
- This bill is encouraging racial profiling and distrust of immigrants and requires a high use of state resources to play the role of federal law enforcement. It also unfairly opens other entities to liability, such as employers and universities.

Likely tabled by Senate Judiciary Committee

SB 2 – Medicaid matters – Third Reading

- Increasing paperwork requirements to maintain Medicaid benefits.
This is already very difficult for our clients who have language barriers.
- Quarterly Reporting Requirements where FSSA will review eligibility every 3 months
- Adds work and volunteer requirements to Medicaid eligibility
- 1 in 7 Hoosiers rely on HIP
- This bill will cost Indiana money to implement, despite claims that this bill is to help achieve a balanced budget
- This bill has been amended from its original version, which would have impacted hundreds of thousands of Hoosiers from accessing Medicaid. However, this means that this bill will also undergo Concurrence

Contact State Rep

SB 430 - Grants for participation in the 287(g) program – In Committee

- 287(g) is the program under the Immigration and Nationality Act that gives local law enforcement agencies ability to conduct federal law enforcement
- This means that local law enforcement across the state would be required to comply with orders to ICE, and any other federal law enforcement agencies
- This bill would make Governor's Braun Executive Order Law, which would be harder to repeal in the future
- This bill would lead to an increase in racial profiling and unnecessary detention of our immigrant neighbors
- It would put further strain on local law enforcement resources, and erode trust between vulnerable communities and local law enforcement

Likely tabled by Ways and Means Committee

Sample Letter & Phone Calls

Dear Senator/Rep. [Last Name],

I am writing to express my deep concern about [bill number] which is currently under consideration [in the House/Senate]. This bill, in my opinion, poses significant risks to both the safety of immigrants in our state and to the economic well-being of our communities.

As one of your constituents, I urge you to oppose this bill.

I am concerned that the provisions of this bill would create an environment of fear and uncertainty for many immigrants in Indiana, including refugees, those with Temporary Protected Status, asylum seekers, and those with Humanitarian Parole. Our immigrant neighbors are valuable members of our workforce, contributing to the success and growth of Indiana's economy. They attend our churches, go to school here, and contribute so much to our communities.

By making it more challenging for them to live and work here, this bill could ultimately reduce the labor pool and exacerbate workforce shortages in critical industries such as agriculture, hospitality, healthcare, and construction. It will make it more difficult for our communities to thrive. Indiana has long benefited from the diverse perspectives and skills brought by immigrant communities, and I am deeply concerned that this bill would undermine that.

I urge you to carefully consider the long-term consequences of this bill, not just for immigrant communities, but for the broader economy and the prosperity of Indiana as a whole. We need policies that promote inclusivity, support workers, and ensure our state remains competitive and attractive to employers and families alike.

Please consider voting against [bill #], as I believe it would have harmful consequences for both our neighbors and our state's future. I appreciate your attention to this important issue and thank you for your service.

Sincerely,
[Your Name]

Sample Letter & Phone Calls

Dear Senator/Representative [Last Name],

I am writing to you today to express my concern about the proposed [bill #], which would require state law enforcement agencies to carry out tasks that are traditionally the responsibility of federal employees, particularly in areas of immigration enforcement. While I understand the need for public safety, I believe this bill is problematic for several reasons.

First, I am concerned that the bill places undue strain on local law enforcement officers, who are already tasked with ensuring the safety and security of our communities. Immigration enforcement is a complex and specialized area of law, and it should be handled by federal agencies that have the appropriate training, resources, and expertise. Asking state officers to take on these duties could divert their attention from essential local public safety tasks, potentially leading to a decrease in the overall effectiveness of law enforcement in Indiana.

Additionally, this bill could damage the trust between immigrant communities and local law enforcement. When state officers are involved in immigration enforcement, it creates fear and reluctance among immigrants to report crimes or cooperate with law enforcement. This harms public safety by making it harder for authorities to solve cases and protect all residents, regardless of their immigration status.

Finally, I believe that immigration enforcement should be handled at the federal level, as it is a federal matter. It is critical that we ensure proper allocation of responsibilities and resources, and I do not believe it is in the best interest of Indiana residents to impose these duties on state officers.

For these reasons, I respectfully urge you to reconsider supporting [Bill #]. It is crucial to preserve the role of local law enforcement as protectors of our communities and to ensure that immigration enforcement remains a federal responsibility.

Thank you for your time and attention to this important issue. I appreciate your service and hope you will act in the best interest of our state.

Sincerely,

[Your Name]
